

ULTIMATE FRISBEE RULES - BASIC GUIDE

OUT OF BOUNDS

When a disc goes out of bounds, play stops and the disc is returned to the thrower. The thrower must establish a pivot point at the spot where the disc crossed the perimeter line. If the disc lands out of bounds, the thrower must establish a pivot at the point on the perimeter line closest to where the disc crossed into the out-of-bounds area.

SCORING

A goal is scored when an in-bounds player catches a legal pass in the end zone that player is attacking. The player must have at least one point of contact with the end zone and no contact with the out-of-bounds area.

SPIRIT OF THE GAME

Ultimate emphasizes sportsmanship and fair play. Players are responsible for their own foul and line calls. Players resolve their own disputes and must respect the opposition and the game itself.

FIELD DIMENSIONS

The standard Ultimate field is 100 meters long by 37 meters wide. Each end zone is 18 meters deep.

TURNOVERS

A turnover occurs when:

- The disc is dropped or hits the ground
- The disc goes out of bounds
- The disc is intercepted by the defense
- A stall count reaches 10
